

ODYSSEY

♦ HAZY IPA ♦

After Hurricane Helene left Western NC without power or water, Hi-Wire Brewing faced uncharted territory. *NoDa Brewing Co.* stepped in, lifting us up and helping us find a new course forward. Now, we've teamed up to support others still on the Odyssey to recovery. Featuring soft bitterness and bright hops, this brew is a promise of lighter days ahead. Thanks to *Haas Hops*, *Country Malt Group*, and *Hart Print*, more proceeds go towards rebuilding our community.
